

OEM Approved!!

Mar-Tektion Lens Covers

Keep gas pumps safe from vandals
Save \$\$ on costly lens replacement

Mar-Tektion Protective Lens Covering System

Mar-Tektion Protective Lens Covers are Original Equipment Manufacturer (OEM) approved and each made to exacting OEM specifications for custom fit to each dispenser lens. Each lens cover is made to fit within the viewing area when applied from the outside, making it unnecessary to go through costly lens replacement.

While the special Mar-Tektion plastic film is itself mar-resistant, it is specifically designed to help protect the OEM installed window from vandalism, abuse, and naturally occurring pitting and surface scarring. If the Mar-Tektion protective film layer becomes damaged simply remove the old film cover and apply a new, custom fit Mar-Tektion Lens Cover to save time and money!!

Easy Installation Instructions:

Note: Install when temperatures are between 60° to 80° F.

1. **CLEAN SURFACE OF THE DISPENSER LENS!** Use the enclosed cleaning packet or a soft fabric cloth.
2. Remove the Mar-Tektion lens cover from the backing sheet by bending back one corner, remove and hold the new lens cover by the **edges or tabs only**.
Be careful not to touch the special "window clear adhesive" on back of lens cover as this will leave fingerprints after application.
3. Spray the dispenser lens with a mixture of baby shampoo in a quart squirt bottle mixed with water. (Approximately one capful of shampoo per quart)
4. Carefully place the lens cover over the existing dispenser lens and use the supplied squeegee to remove air bubbles starting from the center and moving to the outer edges.
5. **CAREFULLY** remove the protective film from the face of the new lens cover.
(Note: As you proceed to remove the protective film, hold down a corner of the lens cover as you peel it off.)

You now have crystal clear protection and clean, graffiti-free lens!!

If someone scratches the lens, simply use some aggressive adhesive tape (duct tape works great) press it on a corner of the lens cover and peel off. It's just that easy !! Repeat steps 1 to 5 and your dispenser is once again protected from vandals.

DISCLAIMER OF WARRANTIES: This lens cover product is designed to protect the underlying lens from damage caused by the elements or by normal user contact. The lens cover material is susceptible to scratches and other damage in the event of misuse involving contact with hard or sharp items such as keys, screwdrivers, pens, etc. Severe misuse or forceful contact may perforate and/or penetrate the lens cover and may result in damage to the underlying lens. **MAR-TEK INDUSTRIES, INC. MAKES NO GUARANTEE OR WARRANTY OF ANY KIND REGARDING THIS PRODUCT AND ASSUMES NO LIABILITY IN THE EVENT THAT THIS PRODUCT FAILS TO PROTECT AGAINST DAMAGE. ALL WARRANTIES, EXPRESS OR IMPLIED, IN FACT OR BY LAW, WHETHER OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR OTHERWISE, ARE HEREBY DISCLAIMED.**
